

Online Safeguarding Policy / Code of Conduct

The Jordan Digital Art Forum is taking place online using the Zoom platforms. For panel discussions we'll be using Zoom Webinar, and for some other events Zoom Meeting. The platform is intended to be a safe and friendly space to engage with the others taking part in the event.

By participating in this event you agree not to bully, intimidate or harass any other participant.

We will not tolerate content that: is hate speech, threatening or pornographic; incites violence; or contains nudity or graphic or gratuitous violence.

By working online, some things are beyond our control. While we are doing all that we can to ensure all events run smoothly and safely online, we recognise that there is the possibility of technical glitches, and an event being hacked.

In the event of any disruption to the event, we will do our best to close the event immediately, in the moment. If there is a failure due to technology, we will endeavour to get the event back up and running as swiftly as possible. Please check our website and social media www.futureeverything.org & [@futureeverything](https://twitter.com/futureeverything) (Twitter) for updates.

If you experience anything unusual, that you deem not to be part of the festival experience, please contact us on info@futureeverything.org
